

INCOPERFIL®
INGENIERÍA Y CONSTRUCCIÓN DEL PERFIL

WHO WE ARE, WHAT WE DO

Ingeniería y Construcción del Perfil S.A. (INCOPERFIL) is a Spanish company with more than 30 years experience in its sector.

INCOPERFIL is devoted to study and designing new metal elements such as architectonical façades, super-span curved roofings and composite slabs. Furthermore, we manufacture metal covering both industrial and residence buildings.

INTENDED FOR

INTENDED FOR

BUILDING CONTRACTORS AND STEEL CONSTRUCTION

They calculate their structures according to our recommended products. It is the way in which our products are put in the construction site.

ARCHITECTS AND ENGINEERS

They draw up their projects with our products in order to be contracted by building contractors. Architects and engineers are the expert for this sector.

DISTRIBUTORS AND WHOLESALE

Once our products are introduced in the country, distributors and wholesalers keep our product in the country in order to save time and cost in transport.

WHAT DOES INCOPERFIL OFFER?

QUALITY

Quality System Certification in ISO 9001:2000.

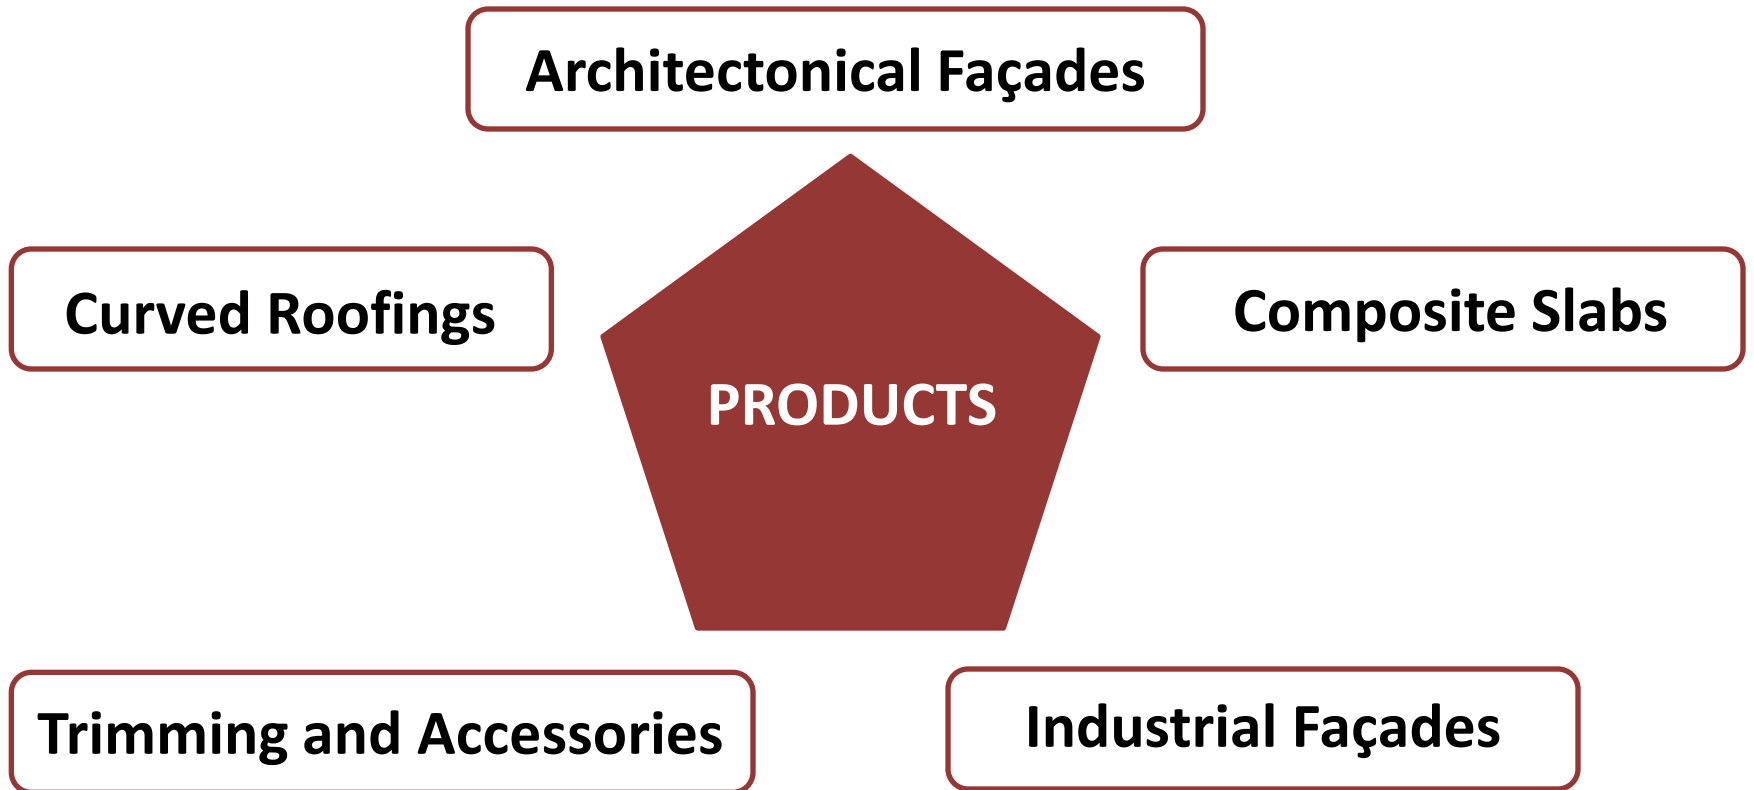

EXPERIENCE

The fact of having more than 25 years experience and our customers satisfaction, guarantee us to be a leader company in its sector.

INTERNATIONALIZATION

INCOPERFIL was chosen as PIPE 2010 company, so this guarantee the best service in exportation of its products to new markets.
